

“Doug Lemons is an excellent coach, educator, mentor, and U.S Kids facilitator. Doug always gives every child his best. He believes in offering each kid the same opportunities regardless of their skill level or background. He consistently emphasizes the importance of ethical play, good sportsmanship and values on and off the course. He breaks down the game of golf with the U.S Kids learning program so that young players can learn at their own individual levels and have personal success, pride, and confidence in themselves and their personal accomplishments. Doug makes playing golf fun! He encourages positive family participation in all the tournaments creating an exciting golf experience for all the kids as well as the parents and extended families. Doug Lemons has great personal character, is a positive role model, and organizes an excellent Golf program in Canton, Ohio. We are so blessed to have Doug as our son’s coach because he really is the best!”

TEACHING PHILOSOPHY

To create a FUN environment in which every student will improve his or her own golf game, while meeting other young golfers. Each student will gain a greater knowledge regarding the rules of golf, etiquette, short game, full swing, course management, and how to practice correctly. Whether your child is new to the game or a college-bound athlete, we have a program that will teach them correctly so they can reach their personal goals.

- Full-Swing, Short-Game, and Putting games, Rules and Etiquette

Program Details

Private Instruction:

- Focus on the fundamentals: full swing, short game, and bunker play
- Situational on-course instruction on three Championship courses
- Junior Performance Training

Junior Competition

- U.S. Kids Tour for Ages 5-14
- Beginners to Advance Players
- Parent Caddies Welcomed

Middle School/High School Leagues

- Golf leagues open to boys and girls grades 6th through 8th and 9th through 12th, with or without golf experience. The program will cover all aspects of the game including the full swing, short game, putting, playing and rules and etiquette.

I have known Doug for three years. He is a true professional and wholly committed to teaching kids the game. It is his life's work. He was my sons' first golf teacher and gave them thorough instruction in the fundamentals of golf, rules, and etiquette. Above all, he instilled in them a true love for the game. My boys love golf, and their time with Doug was a key to cultivating their passion. Doug's demeanor and ability to work with young golfers is amazing. Few PGA professionals have the gift or patience to work with young novices like Doug. Children seem to flock to him and he is able to inspire them, and teach a very complicated game to young people by talking with them on their level. I have watched him transform the erratic swings of many children into smooth, effortless strokes with excellent results. He is a master teacher.
